

REMARKS

In the pending action dated October 21, 2008, the Examiner indicated that claims 5 and 8 include allowable subject matter and would be allowed if rewritten into independent form. Independent claim 1 has been amended to include the limitations of claim 8, and claim 8 has been canceled. Accordingly, claim 1 should now be allowed. Similarly, independent claim 15 has been amended to claim a polyester film including the flame retardant resin composition of allowable claim 8. Accordingly, claim 15 is also now in allowable form. Claims 1-7, 9-14, and 16-29, which depend from claims 1 and 15, are allowable for at least the same reasons as claims 1 and 15.

In view of the above, each of the claims in this application is in immediate condition for allowance. Accordingly, the Examiner is respectfully requested to withdraw the outstanding rejection of the claims and to pass this application to issue. If it is determined that a telephone conference would expedite the prosecution of this application, the Examiner is invited to telephone the undersigned at the number given below.

In the event the U.S. Patent and Trademark Office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 03-1952** referencing docket no. **584642000600**.
